

Cigna Direct Contracting

For Participating Providers in Malheur County, Oregon:

Although the relationship between Cigna and IPN ends June 30, 2022, the effective date of direct contracts with Cigna *may* be effective earlier than July 1, 2022. IPN reimbursement and services would be applicable until the new effective date is implemented with Cigna, or July 1, 2022, whichever comes first.

For participating providers with locations in both Idaho and Malheur County, Oregon:

Since the relationship between Cigna and IPN ends June 30, 2022, the effective date of direct contracts between Idaho providers and Cigna will not be until July 1, 2022. However, the effective date of direct contracts with Malheur County providers *may* be earlier. This means providers serving both service areas may have two contracts in effect for a short period of time. The applicable contract and reimbursement will depend where services are rendered.

To learn more about direct contracts with Cigna Health, call 1.800.882.4462 and choose the “network participation” option or email PSSCentral@Cigna.com.
