

Non-prescribing practitioners who have prescriptive authority may be credentialed without a DEA or Controlled Substance license. In these cases, the applicant must submit the completed Prescribe Plan by emailing to [credentialing@ipnmd.com](mailto:credentialing@ipnmd.com) or faxing to 208-433-4604.

Non-Prescribing Practitioner/Clinician		
<i>If you are a non-prescribing practitioner or clinician and your license allows you prescriptive authority, you may be credentialed without a DEA or Controlled Substance license. Please use the spaces below to explain why you do not prescribe and the name of a participating practitioner who will prescribe for your patients.</i>		
I do not prescribe medications for the following reason(s):		
The participating practitioner listed below will prescribe medications for my patients.		
<b>This certifies that I will not prescribe/dispense medications. This statement will remain in effect until I provide a valid Federal DEA Certificate.</b>		
Practitioner Signature:	NPI:	Date:

OR

DEA and/or Controlled Substance License In Process		
<i>If your application for your DEA and/or Controlled Substance license is currently being processed, please send a copy of your DEA and/or Controlled Substance application and the name of the participating practitioner who will be prescribing for your patients until you have received your DEA and/or Controlled Substance license.</i>		
I have applied for my Federal DEA Certificate*: <input type="checkbox"/> Yes <input type="checkbox"/> No <small>*Please provide a copy of your application</small>	Application Date:	
The participating practitioner listed below will prescribe medications for my patients.
